

WARM AND FUZZIES

This is a long standing tradition at ATHA! Each year our new Angels receive a single necklace made of yarn with a small bunch of yarn strings in the same color. The purpose of this ice-breaker is to meet new Angels to exchange yarn pieces with and tie around your necklace. The more people you exchange with, the more yarn pieces you tie onto your necklace, the more you will feel that "warm and fuzzy" feeling at ATHA!

You received your "starter pack" to begin exchanging your Warm and Fuzzies, pen-pal style! Follow these simple directions now, and be sure to bring your Warm and Fuzzy necklace with you to Tech Training in September to exchange more strings in person!

If you need more supplies, we have included a page of "information cards" that you can print at home! Need more yarn? These are simple household items that you can find at home or in many dollar/craft stores! Need more stamps? Pick them up at your local grocery stores or post office! Be creative! Need more addresses? Just email us at: admissions@holyanimals.org! Most of all... have fun!

DIRECTIONS

1. Fill out each blue card with your information.
2. Place a blue information card, along with ONE piece of string into each pre-addressed, stamped envelope.
3. Bring your envelopes to the post office, or place in your mailbox for your postal worker to pick up.
4. Within a few weeks you should begin to receive Warm and Fuzzies and contact information from other new Angels!
5. Tie each new piece of yarn around your necklace!
6. Begin to feel "warm and fuzzy" inside with each new piece of yarn around your neck!

****Don't forget to wear these to New Student Technology Training in September to continue meeting new friends!****
